

HEALTHY & ACTIVE CHILDREN

September 11-14, 2019

VERONA, ITALY

Organized by I-MDRC & CIAPSE

Wednesday, 11 September 2019

10.30-11.15	Opening Remarks
11.30-13.10	Concurrent Symposia Cognitively engaging physical activity and cognitive functions in children and young adults <i>Chairs: C. Pesce, P. Tomporowski</i> Water competence of young children <i>Chair: K. De Martelaer</i> Origins of manual skill <i>Chair: J. J. Lockman</i>
13.10-14.30	Free time
14.30-15.30	Symposium Active school communities? Concept, efficacy, effectiveness and feasibility of the community-based primary school physical activity intervention Healthy Children in Sound Communities <i>Chair: T. Utesch, R. Naul</i>
15.00-16.40	Concurrent Symposia Evaluation, understanding and practice of creativity on children's motor development <i>Chairs: D. Bondi, S. Di Sano</i> The importance of early motor intervention for learning and development <i>Chair: P. Tortella</i> Gross motor coordination & friends. A multifaceted and multicultural perspective <i>Chairs: J. Maia</i>
15.45-16.45	Symposium Towards a better understanding of perceived motor competence in young people: Theoretical and practical considerations <i>Chairs: I. Estevan, F. Bardid</i>
17.00-18.00	Plenary Lecture Positive trajectories of motor competence and physical activity for cognition and cardiometabolic health <i>Eero Haapala</i>

Thursday, 12 September 2019

8.30-11.50	Activities for children Introduction to practical demonstration Activities with children
9.00-10.40	Concurrent Symposia Body representation: The foundation of physical activity <i>Chair: D. Corbetta</i> Towards a better understanding of the motor-cognition link in typically developing children <i>Chairs: M. Maurer, E. Hartman</i> The interrelationship between motor, physical activity and cognition: learning, exercise and embodied cognition approaches <i>Chair: M.I. Mourão Carvalho</i>
10.40-11.00	Free time

11.00-12.00	Concurrent Free Presentations
12.10-13.10	Plenary Lecture Precursors of rational reasoning processes in an infant's mind <i>Luca Bonatti</i>
13.10-14.30	Free time
14.30-15.30	Concurrent Symposia Basic Motor Competencies in Europe (BMC-EU) <i>Chairs: E. Gerlach, C. Herrmann</i> Motor awkwardness: truth or myth? a closer look at motor competence and growth from childhood to emerging adulthood <i>Chair: M. Lenoir</i> Assessment and monitoring of motor development in children and adolescents: a novel perspective through emerging technological solutions <i>Chairs: R. Stagni, M. C. Bisi, C. C. T. Clark</i> Teaching PE and wellbeing in child development <i>Chairs: S. Nicolosi, P. Tortella</i>
15.30-16.50	Poster discussion - Society meetings - Student meetings
17.00-18.00	Plenary Lecture Motor Skill Development and Physical Activity: A Social Psychological Perspective <i>Maureen R. Weiss</i>
Friday, 13 September 2019	
8.30-11.50	Activities for children Introduction to practical demonstration Activities with children
9.00-10.40	Concurrent Symposia Physical activity and movement behaviour guidelines in children: what are we missing with a focus on quantity and duration? <i>Chair: G. Cardon</i> Using functional near-infrared spectroscopy to investigate cognitive and motor development across the life span <i>Chair: N. Getchell</i> Motor proficiency, health, physical activity and academic performance challenges experienced by children growing up in a developing country: Data of a 7 year longitudinal study of primary school children <i>Chair: A. E. Pienaar</i>
10.40-11.00	Free time
11.00-12.00	Concurrent Free Presentations
12.10-13.10	Plenary Lecture What is fundamental about the fundamental motor skills? <i>Karl M. Newell</i>
13.10-14.00	Free time
14.00-15.40	Concurrent Symposia It Begins with Movement: A Developmental Perspective on Promoting Children's Health and Well-Being <i>Chair: D. Stodden</i> Fundamental movement skill proficiency across childhood – an Irish and UK perspective <i>Chairs: W. O'Brien, E. Eyre</i> Motor Competence Assessment (MCA). Norms and results from all over the world <i>Chairs: R. Cordovil, L. P. Rodrigues, C. Luz</i> Free Presentations

15.50-17.00	Poster discussion - Society meetings - Student meetings
17.10-18.10	Plenary Lecture Assessing Motor Competence, Physical Activity, and Fitness as Proxy Measures of Health: Project APLUS <i>Darla M. Castelli</i>
Saturday, 14 September 2019	
9.00-10.40	Concurrent Symposia Outdoor challenging play : adult representations and children practice <i>Chairs: B. Jidovtseff, I. Fjørtoft</i> Like a Girl: Examining gender disparities in physical play environments in early childhood <i>Chair: D. D. Wadsworth</i> Motor assessment in children and adolescents: Current practices and future directions <i>Chairs: F. Bardid, T. Utesch</i> Free Presentations
11,00-13,00	Symposium/round table Promotion of PE for children in schools
13.10-14.30	Free time
14.30-16.10	Concurrent Symposia What have we been missing? Novel and innovative methodologies for improving children's physical activity assessment and motor competence <i>Chair R. S. Sacko</i> To throw or not to throw, that is the perception..... <i>Chair: M. S. Plumb</i> What are the modifiable factors that can assist children from infancy to school age to develop motor competence? <i>Chair: L. Barnett</i> The efficacy of linear and non-linear pedagogy in physical education on children's development (5-6 years): Cluster RCT main outcomes and mediating pathways <i>Chair: J. Rudd, L. Foweather</i>
16.20-17.20	Plenary Lecture Building a sport system that promotes the athletic and personal development of children <i>J Coté</i>
17.30-18.15	Plenary symposium I-MDRC position paper & promotion of research in PA
18.15-18.30	Closure of the congress
