

Round Table

The Scientific Committee of the Congress strongly believes that our research efforts gain value and significance when the results are translated in daily good practices to promote the health and the quality of life of the children. For this reason we are organizing the round table:

Promotion of physical education in school, sport and life.

Saturday 14th of September

10.50-13.10

Auditorium Gran Guardia

The participants will present experiences from different Countries, cultures and perspective and discuss how to promote research- and evidence-based practices among the different population of the world.

Organizers:

Arja Sääkslahti, PhD, Faculty of Sport and Health Sciences, University of Jyväskylä, Jyväskylä, Finland

Jacqueline D. Goodway, PhD, Department of Human Sciences at The Ohio State University, Columbus, Ohio, USA
